

## NEW LOOK - SAME GREAT TASTE

### 2017 BOXHEAD SHIRAZ

**THE STORY** After 12 years it was time for a facelift. The new packaging brings Boxhead out of the mid-2000s and into a new era. While it may be a more 'serious' Boxhead, don't expect the wine to be square. The same German farmer, Otto, is the inspiration for this über-value. His square-shaped skull had vineyards and barrels doing carwheels in it.

**THE WINE** Fresh. Lots of fruit but with a lithe touch and feel. Blueberries, violets, spice and toasted pumpernickel with a touch of licorice. It is fruit-driven but by no means boring. There is a brilliant savory side to this wine, especially on day two. Hard to believe that there are this many things to write about a wine at this price point, but you must taste it to believe. It finished bright and long. Ever so fresh and definitely an 'any day of the week' wine.
