SANGIOVESE**

noble

A LITTLE NOTE

Prugnolo Gentile, the noble clone of Sangiovese used to make the esteemed Vino Nobile di Montepulciano is the grape behind this exquisite value.

High toned aromas. Lovely floral, laurel and sage nuances add to the bright cherry and raspberry aromas. Bright and fresh, with flavors of red cherry and flinty red berries with a touch of sweet pipe tobacco. There are no bells and whistles here, just pure Sangiovese fruit.
