

**NV
PORTELL
BRUT
CAVA**

champagne?

A LITTLE NOTE

Cava is made in the same manner as Champagne (secondary fermentation in the bottle), with similar soils providing a fresh, bright, nervy drive to the wine.

A steal if you're looking for more 'serious' wine with a drier flavor than Prosecco.

High-pitched and precise on the nose and in the mouth, offering lively citrus zest, pear, floral and herbal qualities. Dry and silky in texture, showing very good depth and energy.
