'MOHAWK'  
CABERNET SAUVIGNON**

**one giant leap**

**A LITTLE NOTE**

Holy \$&!t...this is one massive leap from any previous incarnation of this wine. This is not nonsense, sales talk, nor is the alcohol talking (even though the second bottle of this has been cracked while writing this!).

Rarely is there such a qualitative difference in vintages of a sub-\$25 wine. All the stars aligned on this and if you like Cabernet to have richness and depth with bold flavors and aromas then this is for you. Napa and Walla Walla relocated to the South!
