"This was barrel-fermented in third-fill 225-liter French oak and matured 50% in barrels and 50% in stainless steel tanks. It has a clean, pure bouquet of apricot blossom and light peach notes. The palate is very well defined, with crisp acidity and touches of white peach and grapefruit, and leads to a pithy, slightly phenolic finish that maintains its precision and elegance to the last. Bon vin!" – Neil Martin

"Grapes from a 0.3ha trial vineyard planted in 1980 with no less than 32 different rootstocks and vinification involved spontaneous fermentation in old barrels before 50% of the wine was matured in tank and the other 50% in barrel for eight months. The nose shows pear, apple and peach, a touch of earth and some spice while the palate is quite lean with bright acidity and a pithy finish. A wine of understated elegance." – Christian Eedes
